

2024 – 2025

*Christmas and Valentine*

# Introduction Deluxe products

Dear,

We hereby present our Christmas 2024 and Valentine's Day 2025 brochure the flower bears and hearts!

Because the demand for exclusive products is growing, you will receive our brochure with our own Deluxe products. These products are new to the market and are distinguished by: different packaging and different products with added value. This way you can distinguish yourself from your competitors and be in possession of a product tailor-made for you.

Our aim is to be renewed or further developed for every season to present products to a select group of customers. We always do this through our brochure, which we will publish twice a year. The first brochure is the Christmas brochure and Valentine's brochure; you will receive the second brochure with the Easter and Mother's Day products at the beginning of January. We can guarantee delivery of everything you pre-order; what remains is for free sale, but that does apply rule for gone is gone. Ask your salesperson for available quantities and colors.

Do you want a standard color or other different colors in a Deluxe? This is of course also possible. In consultation with your seller we can explore the possibilities. However, you must keep in mind that these must be specially made and that the delivery time is around 12 weeks. Our advice is to discuss this with your seller as soon as possible.

Of course, all standard items are available from stock; check our site or contact us for the available sizes colors and quantities.

Best regards,

# Bears with bouquet
